Dear <<FIRST NAME>>,

Dear FIRST NAME,

As a <<LAPSED FIELD 1>> supporter of our work, I know you share our core belief: Every child can succeed. City Year Boston collaborates with the Boston Public Schools to ensure every student has the personalized support they need to succeed. City Year AmeriCorps members serve all day, every day, in high need schools as tutors, mentors, and role models. This transformative partnership with the district plays an important role in helping each student perform at their best.

I am delighted to share that this year we’ve expanded our partnership with Boston Public Schools to reach more students. Now, our AmeriCorps members serve 15,000 students in 29 Boston Public Schools every school day. **Your <<LAPSED FIELD 2>> investment of \$<<AskAmt>> will support the impact of our dedicated AmeriCorps members to drive student success.** Hannah is one of these AmeriCorps members. Last year, she helped her 10th grade student Jason* re-engage with learning by highlighting the incremental improvements he was making in class.

Rarely are students psyched about Biology in high school. When Jason started his school year repeating ninth-grade Biology coursework and a year behind his friends and peers, it was especially discouraging. Most days, he put his head down in class and ignored assignments.

Hannah and her partner teacher, Ms. Trubitt saw the best in Jason and knew that he could get back on track if he had the right resources and encouragement. Hannah worked with Jason to create a game plan for improvement. She regularly pointed out the small, but consistent progress he was making and reinforced that he was capable of reaching his goals.

Hannah, Senior AmeriCorps member

SEGMENT TYPE

AmeriCorps members like Hannah are part of a network of caring adults in schools who are dedicated to accelerating students' social-emotional and academic growth, ensuring they have the opportunity to succeed and feel optimistic about their future.

By the end of the school year, Ms. Trubitt saw a recognizable improvement in Jason's performance. Jason passed Biology and is now in 11th grade and performing at grade level!

Jason is just one of thousands of students who has the potential to thrive in school but needs additional support to do so. Champions like you make it possible for our AmeriCorps members to bethat support every day. Please consider renewing your investment this holiday season.

Your tax-deductible contribution will help more students like Jason find their love of learning and succeed in school.

Thank you for doing your part to put more young leaders in red jackets in front of students in Boston. Warm wishes to you and your loved ones this holiday season!

Yours in service,

Sandra Lopez Burke
Vice President and Executive Director
City Year Boston

MAKING A DIFFERENCE

Throughout the school year, students supported by City Year Boston AmeriCorps members made significant academic progress and growth

81 PERCENT
of students improved their performance on reading and writing assessments.

84 PERCENT
of elementary school students improved their performance on math assessments.

City Year AmeriCorps members serve more than
15,000 Boston students,
helping improve student attendance,
behavior, and course performance to keep
students in school and on track to graduate.
