

You can make a difference one student,
one year at a time.

Dear {FIRST NAME},

“I know how it feels to be left behind,” says Colby, a bright and engaging young person. He says it wasn’t always such a clear path. He has dyslexia and always struggled with reading, which left him falling behind in his early education. That changed when he enrolled in a high school with City Year. Each day at school, Colby worked with his City Year AmeriCorps member on academics and building positive relationships. Their instant connection helped Colby transition into high school, where he graduated on track and on time.

Now, a year later, Colby is proud to say he serves as a City Year AmeriCorps member. Through this service, he gives back to students what City Year gave to him –an encouraging smile and consistent support that works with students to unlock their potential. {Starfish story at site’s discretion}

It is not just the hard working AmeriCorps members that make unlocking these students’ potential possible. It’s advocates like you, who believe that every student can succeed, that make it possible for students like {Starfish Story Name} to achieve their aspirations.

Thank you for supporting our work in the past! Your previous gift of {Past Gift} provided students like Colby resources to further their educational dreams and aspirations. We hope you will consider renewing your donation to City Year

With gratitude,

Dan Foley
