Dear <<FIRST NAME>>,

Happy spring! I am eager to share a snapshot of how much City Year Boston has accomplished this school year thanks to generous champions like you. Our 289 AmeriCorps members are developing skills inside and outside the classroom that will help them succeed in their career paths. **Your continued investment of \$<AskAmt> will further the impact of our dedicated AmeriCorps members and position them to become our future leaders.**

City Year Boston’s rigorous professional development prepares AmeriCorps members with strategies for the classroom, as well as the 21st century skills employers need. In addition to a six-week pre-service training, our corps engages in weekly learning and development sessions on communication and conflict resolution, leadership and collaboration, and cultural competency. They then learn how to showcase those skills on resumes, in graduate school applications, and while networking.

Now in her second year, Sam has served at the same school both years and was able to build on the connections and relationships she made last year.

“My City Year journey has provided me with technical skills, such as problem-solving, communication, decision-making, and most importantly, the ability to adapt and be flexible.”

– SAM, CITY YEAR SENIOR AMERICORPS MEMBER

Sam’s City Year experience has had a tremendous impact – not just for the students she works with, but for herself too. After facing a family loss, her students encouraged her to have a positive mindset and made her cards, surrounding her with a supportive community in a time of need. As she looks toward her next steps, Sam hopes to return to the Boston Public Schools as a guidance counselor. She credits her City Year for motivating her to apply for a graduate degree in social work.
